

ABHIJEET SINGH

Centennial College | AI Software Engineering Student

Location: Ontario, Canada

SUMMARY

Dedicated AI Software Engineering student with strong foundations in full-stack web development, object-oriented programming, database management, and system administration. Experienced in delivering clean, structured software applications.

EDUCATION

Centennial College — Diploma in AI Software Engineering

2026 – Present

- Coursework: Full-Stack Web Development, C#, Java, Python, Linux Administration, Oracle SQL, MongoDB.

John G. Diefenbaker High School — High School Diploma

Graduated 2025

TECHNICAL SKILLS

- Programming: JavaScript, HTML5, CSS3, C#, Java, Python, SQL
- Web & Tools: React, Node.js, Express, Git, GitHub, VS Code, Linux
- Databases: Oracle SQL, MongoDB

PROJECTS

- Personal Portfolio Website (React): Built a multi-page web application using React.js featuring responsive UI components and Vercel deployment.

- E-Commerce Database Schema: Designed and executed 15 relational tables using Oracle SQL with complex analytical queries.
- Linux Administration Scripting: Developed automated shell scripts for key management, user permissions, and directory backups.
